Free, TEKS-Aligned & Easy to Use!

[PBS](#)

[LearningMedia](#) has upped its game with vastly improved searches for thousands of videos, lesson plans, games, activities and other materials. It also now links to KERA highlights and local events. **Read on for our guide to efficient use.**

Search Tips

You can search by 9 content areas, grade levels (PK – 12), TEKS and topics for training and professional development. **TIP:** “Collections” are efficient packages that aggregate content on a topic or skill or by a PBS show (*American Experience*, *Masterpiece*, *Nature*, *Daniel Tiger's Neighborhood*, etc.)

9 Subject Areas:

- Mouse over “Subjects” in the topheader bar to get a full menu of 9 content areas and subareas.
- Or click on the color-coded band at the top of your chosen content area (just below the header bar) to get a menu and grade-level choices.

TEKS: Click “Standards” in the top header bar to get a menu for choosing subject and grade.

Series and Collections: These are packages of thematic content, such as annotated stories from the *PBS NewsHour*, Ken Burns’ documentaries, *Frontline*, *NOVA* and PBS Kids shows. Resources include videos, lesson plans and handouts.
